Professional Experience

Accreditation Council for Graduate Medical Education (ACGME)

Manager, Learning Technologies | April 2023 – Present

- Manage the day-to-day operation and continuous improvement of *Learn at ACGME*, the organization's enterprise learning management system (LMS).
- Supervise and develop a team responsible for digital learning operations, multimedia production, and learner facing support, fostering a collaborative, supportive, and high-performance culture.
- Led a full LMS redesign to improve accessibility, usability, learner engagement, mobile responsiveness, and analytics capabilities.
- Drive ongoing enhancements to digital learning products by refining content structure, navigation, and platform features to support a seamless learner experience grounded in adult learning principles.
- Direct the production and delivery of educational videos and podcasts featuring physician educators and healthcare leaders, integrating them into broader learning pathways and ensuring accessibility, quality, and learner engagement.
- Implemented advanced analytics dashboards to evaluate usage, learner outcomes, and product performance, informing roadmap decisions.
- Collaborate with physician committees, clinician educators, and graduate medical education subject matter experts (SMEs) to develop accreditation aligned learning activities.

Media Production Specialist | October 2016 – April 2023

- Built ACGME's internal media production studio, acquiring all video, audio, and lighting equipment within budget and setting a consistent, professional production standard.
 - Served as the instructional designer for major national education initiatives, including Physician Well-Being and Faculty Development, ensuring learning materials were clear, engaging, and easy for physicians and healthcare professionals to navigate.
 - Designed and developed asynchronous learning materials grounded in adult learning principles for program directors, faculty, residents and fellows, and all levels of graduate medical education administration and leadership.
 - Managed end-to-end instructional design and production workflows, including needs analysis, scripting, storyboarding, filming, editing, motion graphics, and post-production.
-

DePaul University

Adjunct Faculty Instructor | September 2014 – December 2017

- Taught undergraduate courses in film production, editing, photography, and film theory.
 - Developed original curricula, lesson plans, and assessments tailored to diverse learning styles.
 - Mentored students in creative and technical skill development.
-

Hoffman Media

Freelance Videographer & Editor | March 2010 – October 2016

- Produced high quality video content for corporate, nonprofit, and educational clients including IBM, PNC Bank, Tampico Beverages, Evans Scholars Foundation, and Perspectives Charter Schools.

- Managed all aspects of production including lighting, camera operation, audio recording/mixing, editing, and visual effects.
 - Delivered projects on time and within budget while maintaining strong client relationships.
-

Previous Professional Experience

Healthcare Information Technology Consultant / Project Manager

- Managed multiple concurrent software implementation projects for healthcare organizations using standardized project management methodologies, ensuring on time and on budget delivery.
 - Trained clinicians, administrators, and financial teams on enterprise decision-support software and applications and developed supporting documentation and reference materials.
 - Led internal process improvement initiatives to streamline workflows and enhance product adoption.
-

Education

University of Illinois at Urbana Champaign
